

Chevy Cup Points Update

Wednesday, 18 July 2007

Top 24 players of the year, would play in the Chevy Cup at the beginning of January 2008. Players receive single points for regular monthly tournaments, points are doubled for Major Tournaments and at the end of the year, we take the best 3 out of 4 majors to calculate your points. The only way to get points is to play in tournaments so if you don't see your name on the list, come out and play! The board will be updated shortly.
