Members, don't forget that we have great rates for guests on Tuesdays and Thursdays for only \$25 with carts! Also we have a new bar menu during happy hour, so drop by after your round and check it out! Now on the more serious side, I need to remind all players that weekends are getting busy, the morning slots are filling fast and to make it fair for all, #4 tee will not be used to start rounds. It's taking tee times away and causes too many problems, also all players must check in the pro shop before play. Singles and twosomes may be placed together by the pro shop, we need to know who is on the course at all times. Now for some fun, I am in the process of forming a charity tournament which will be used for the beautification of CCCC. Our budget for the course does not allow us to do extravagant things and so this is a great way to help make it happen. We have also acquired The Los Angeles Stars, which I will be coaching, this will help the club get the recognition we need and are in talks with the Golf Channel and ESPN to get the matches televised
